To

Chief Secretary to the Government of Mysore,

Sir,

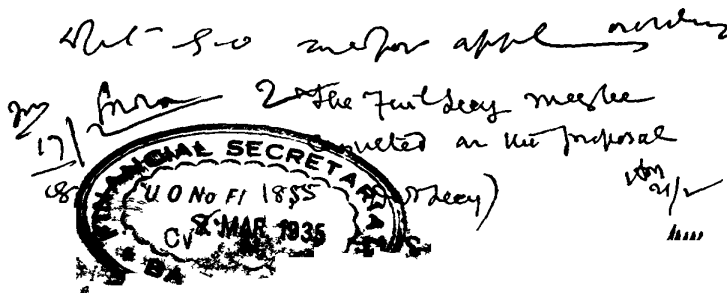

I have the honor to state that under Rule 64 of the Municipal Manual, a remittance chellan in form 23 should be used for crediting into the Municipal Treasury the collections of the day by the Tax Collectors. A sample form of this chellan as printed and supplied to the two Municipalities is enclosed. It is an elaborate form. The particulars required to be furnished here are available in the collection registers or khirdis maintained separately. A copy of it is used separately by each collector every day. There will be very few entries and the major portion of the form is left blank and is therefore wasted. An ordinary chellan form that is used for Miscellaneous Remittances in the Government Treasuries in use in the Municipalities also will equally serve the purpose intended in the above case. By this arrangement there will be no waste of forms.

I request therefore that orders of Government may be kindly obtained to substitute a simpler form as per sample enclosed in place of the existing form No 23

I have the honor to be,
Sir,

2 Chellan Form 23 of the Municipal Manual the size of which is proposed to be reduced is the one prescribed for use in the two City Municipalities of Bangalore and Mysore For use by the other Municipalities, the chellan form prescribed is No 36 (Rule 324, Municipal Manual)

3 The collections are remitted direct to the treasury by the Collectors etc, by almost all the Town and Minor Municipalities, and in a few cases where money is received in the Municipal Office, the procedure prescribed in Rule 324 ^{Municipal Manual} M-M. is followed and remittance to treasury is made by the office on a chellan in Form 36

4 Regarding the observation of the Deputy Commissioner, Mysore District, that provision may be made in the proposed chellan form for noting particulars of remittances such as House Tax, Lighting, Water etc it is not necessary to print these heads in the chellan as the treasury is not required to have these details in its accounts but these particulars will be noted in manuscript by the Collector at the time of remittance below the term () in the chellan

5 Regarding the Financial Secretary's Note dated 5th April 1935 that in case of short remittances it will become difficult to find out which particular item of collection was not remitted, these details will be noted in the counterfoils of the receipt book

nature of the tax paid Under the head "ವೃದ್ಧಿ" there should
be information as to whether it is House-tax, shop tax, water-

Sir,

With reference to your letter No L 3122-3/M1 67-34-22 dated 1-11-1935 and in continuation of my letter No R T 711 dated 30-1-1936 re: the replacement of the existing challan form by a simpler one, I have the honour to state that the Comptroller's suggestion to substitute, a simpler form similar to the one in use for miscellaneous transactions in Government Treasuries may be agreed to as the use of paper will thereby be minimised

I would, however, suggest that the new form need not be in duplicate as in the case of Government Treasuries and the names of the several kinds of taxes and cesses to be recovered ~~in~~ be printed one below the other in the proposed form to avoid unnecessary scriptory work. The wording in the form may also be kindly caused to be suitably amended so as to meet with the requirements of Municipalities

It is understood that the form herewith enclosed is the one suggested by the Comptroller, as no form stated to have been sent along with the letter under reply has been received here
